

February 2016 Program Guide

A Monthly Publication of the Pinellas Public Library Cooperative

www.pplc.us

FREE Pre-School Academy at your Pinellas County Public Library!

Phyllis Gorsche,
*Director of the Dunedin
Public Library*

Preschool through kindergarten-aged children need to learn basic concepts and build a strong foundation in letter knowledge and sound. The curriculum in “Miss Humblebee’s Academy” gradually becomes more challenging as the child advances. You can use this service in your public library, on your own computer at home, or on your mobile device – anywhere you go! Miss Humblebee’s Academy language and literature helps children develop skills required by the Head Start Child Development and Early Learning Framework.

Children will learn:

- Alphabet knowledge, sounds each letter represents and writing practice sheets
- Upper and lowercase letter recognition
- Rhyming
- Segmenting and putting sounds together to create words
- Parts of a book
- Comprehension
- Categorizing “like” words

In addition, your child and you will enjoy hours of educational and entertaining reading that spans many literature styles. You’ll find traditional stories such as *The Crow and the Pitcher* and *The Lion and the Mouse*, as well as new stories and poems written exclusively for Miss Humblebee’s Academy, all richly illustrated.

According to Cheryl Morales, Director of the Pinellas Public Library Cooperative, “Miss Humblebee’s Academy is the first measurement tool for pre-school learners, and it’s fun for children, parents, and educators. We are very enthusiastic about the

positive impact on the pre-school population, and encourage everyone to create a free account today.” Miss Humblebee’s Academy is supported by the Florida State Aid to Libraries Grant.

- Miss Humblebee’s Academy helps children ages 3 to 6 learn from beginning skill level through kindergarten proficiency with hundreds of lessons.
- The curriculum is delivered in a choice of two ways or a combination of both.
- A guided step-by-step approach to learning that progresses sequentially. As the child advances through the curriculum, lessons become more challenging.
- Parents and educators can choose the order of curriculum topics according to their own preference. This is a great tool to be used in a blended learning environment and a flipped classroom setting.
- The curriculum is a guided step-by-step approach to learning that progresses sequentially. As the child advances through the curriculum, lessons become more challenging.
- The curriculum is interactive with full sound cues.
- All lessons are read aloud in audio files, driving engagement and active participation through the interactive curriculum.
- Children DO NOT need to know how to read to use Miss Humblebee’s Academy.
- Parents and educators receive weekly progress reports via email or can access them online anytime.

- Educators can go to one place to track classroom success. Principals can go to one place to track school success.
- The program is interactive, with full sound cues.
- Includes all major subjects: math, science and social studies, language and literacy, art and music.
- Learning concepts are based on Common Core State Standards, incorporating findings from field research and hands-on experience in international early childhood education.
- Children who complete the program will be kindergarten proficient.

Get Started Today!

- Have your PPLC Library card ready.
- Go to: www.pplc.us
- Click on: the Miss Humblebees link, and select the “Sign In/Register” button.
- Follow the instructions to create an account.
- Once you have created an account and sign into the product, you can go to the classroom and get started. This will take you into the classroom and allow the start of lessons.

There are **HUNDREDS** of lessons for you and your child to explore, and there’s no better time than now!
